

Miniatures in Minutes Errata

Pyramid Triangle patch template pattern (on the foundation sheet pullout)

The template is just slightly off size. To fix, line up your ruler on the 1 1/2" mark on the short line that is just above the wording "Pyramid Triangle patch template pattern." Draw a line across the top of the template at the 1 1/2" mark. Please note: it is important that you place the correction line as indicated (and not along any of the other template edges).

Pyramid Triangle patch template pattern

The illustration is intended only as a visual guide for where you should draw your correction. It is NOT a patch template drawn to size.

Page 60: The correct *finished size* of the Duck and Ducklings foundation is 7 1/8" by 7 1/8"

Page 66: The directions for step #2 should read:

"As you sew your foundation, you will sew **through** the exterior seam allowance and **skip over** the interior seam allowance. Begin just beyond the outer seam allowance and sew up to the end of the first seam line. Lift the needle, move the foundation, and drop the needle back in where the next seam line begins."
