Pyramid Triangle Foundation: Christmas Tree

Finished Foundation: 7" by 7"

Finished Quilt: 11" by 11"

- *The Pyramid Triangle Foundation, pyramid triangle template, and instructions on the Fold and Sew method of assembly are included in Miniatures in Minutes (C&T Publishing).*
- *The Pyramid Triangle Foundation consists of 8 rows. For this project, you will only use 7 of those rows. Simply chop off the bottom row of triangles.*

- Please note this correction to the **Pyramid Triangle patch template pattern** (on the foundation sheet pullout)

The template is just slightly off size. To fix, line up your ruler on the 1 1/2" mark on the short line that is just above the wording "Pyramid Triangle patch template pattern." Draw a line across the top of the template at the 1 1/2" mark. (Or, line up your ruler at the 1/8" line along the top edge and draw the correction line). This is the line you should use when tracing your template. **The illustration is intended only as a visual guide for where you should draw your correction. It is NOT a patch template drawn to size.**

Pyramid Triangle patch template pattern

Fabric Requirements: Cut the patches 1 1/2" by 2" each and then trim using the Pyramid Triangle patch template pattern

Medium and dark greens (A) – 36 patches (scraps)

Backing: 1 fat quarter

Medium brown (B) – 3 patches (scraps)

Binding: 1/8 yard

Light background (C) – 52 patches (scraps)

Red Inner Border: 1/8 yard

Green Outer Border: 1/4 yard

Directions:

- Sew the foundation using the directions given in *Miniatures in Minutes* and the Quilt Layout Diagram given with these directions
- Add borders as desired. (I like to use a 1/4" accent border for the inner border. See the [MISC page](#) of [my website](#) for a method of adding narrow inner borders. The directions are for adding 1/8" borders but you can use the same method to make quarter-inch borders as well).

Quilt Layout Diagram: Pyramid Triangle Christmas Tree

Patch Requirements:

A – 36, B – 3, C – 52
